

OFFICIAL PLAN UPDATE

What is an Official Plan?

An Official Plan is the primary land use planning document of the Town that contains vision, goals, objectives and policies established primarily to manage and direct land use and its effects on the social, economic and/or natural environment of the Town.

Official plans may also contain a description of the measures and procedures proposed to attain the objectives of the plan. Official Plans are designed to manage land use on the basis of a 20 year time horizon.

Why update the Official Plan?

- The Ontario Planning Act requires that all municipal Official Plans be reviewed and updated every five years.
- The Official Plan must be brought into conformity with recent changes to Provincial Plans including the Provincial Policy Statement, the Greenbelt Plan and the Growth Plan for the Greater Golden Horseshoe.
- The timing is right to listen to citizens and stakeholders and chart a path for the Town that recognizes and responds to an evolving global economy.

Town of Lincoln Official Plan

- The current Official Plan was approved on December 18, 1992 and updated in 2005.
- During this period, the Town grew by approximately 5,485 people.
- To date, there have been about 48 Amendments to the Town of Lincoln Official Plan.

Provincial Policy Statement 2005

The Provincial Policy Statement (PPS) contains overall policy direction on matters of Provincial interest related to land use planning and development. Matters of Provincial interest identified in the PPS include:

- Protection of natural resources;
- Public health and safety; and,
- Quality of the natural environment.

The Greenbelt Plan

The Provincial Greenbelt Plan provides clarity and certainty about urban structure, where and how future growth should be accommodated, and types of land and features that should be protected for current and future generations.

The Growth Plan for the Greater Golden Horseshoe

The Growth Plan for the Greater Golden Horseshoe is a 25-year plan that aims to maximize the benefits of growth within existing urban areas. This Plan sets clear Provincial standards for growth and development, yet provides some limited flexibility to address local circumstances.

Public Consultation

Public Consultation is an important aspect of an Official Plan Update. It is necessary to allow planners to better understand the values and planning issues within the community.

How to get involved

Do you live or work in the Town of Lincoln? Do you operate a business or have a particular interest in the Town of Lincoln? If you answered yes to either of these questions, you are a stakeholder and you should consider contributing to the Official Plan Update.

Your input into the Official Plan Update process is vital to the success of the Official Plan. That's why we want to keep you informed and engaged in the process and ensure we receive your input and feedback.

We would like to hear your ideas on planning issues and what you would like to see happen in the Town from the perspective of planning and land use.

There are several ways to get involved:

- Participate and provide input at the upcoming workshops.
- Read the current Official Plan as well as the Province's Greenbelt Plan and Growth Plan and talk to us about how Lincoln's planning issues relate to these documents.
- Provide your input and share your ideas through a written submission sent to your Town's Planning Department.
- Talk to Town Planning Staff or members of Council about this project.

Initial Public Meeting

The Town held its first public meeting on February 8, 2010. A copy of the minutes of the February 8, 2010 public meeting is available on the Town's Web Site at: lincoln.ca (Quicklinks/Agendas&Minutes).

March Workshops

The Town held a series of workshops on March 29, 30 and 31, 2010. Subsequent to the workshops, Meridian Planning Consultants prepared a Background Report and Discussion Paper. A summary of the comments received at the March 2010 workshops are contained within Appendix 1 of the Background Report and Discussion Paper. The Background Report and Discussion Paper is available for review on the Town's Web Site at: lincoln.ca (Town Hall/Newsroom/Public Notices).
