**TOWN OF LINCOLN
APPLICATION FOR AN OFFICIAL PLAN AMENDMENT
INFORMATION AND PROCEDURES**

1. Purpose

The Official Plan for the Town of Lincoln establishes general permitted land uses and provides policies to guide development in the Town. The Plan has been prepared and approved following public and agency input. Amendments are required for development, which does not conform to the plan. The Town processes amendment applications, although comments are sought from the Region to ensure conformity with the Regional Policy Plan. If an amendment to the Regional Policy Plan is required, then a separate Application must be made to the Region of Niagara. No amendment to the Town's Official Plan can be finalized until such time as a Regional Policy Plan Amendment has been approved.

2. Preliminary Discussion and Pre-consultation

Prior to submission of an application, the Applicant/Agent must discuss the proposed application with the Town's Planning and Development Department and other agencies to determine the requirements for a complete application. The Town and any affected agency may also require additional background reports in support of the application in order for the application to be considered complete. The purpose of pre-consultation is to ensure that the applicant is aware of the required supporting information before an application is submitted in order to prevent delays in processing the application. In some cases it may be necessary to schedule a pre-consultation meeting with the Town and affected agencies.

3. Submission of Application

It is the responsibility of the Applicant (or duly authorized agent) to complete, sign and submit an application to the Planning and Development Department. Applications must include the required number of plans and other support material, and the applicable fee. Any submission lacking the required information or fee shall not be considered further.

The Applicant has the right to appeal the amendment proposal to the Ontario Land Tribunal if no decision to approve has been forthcoming from Council within 120 days of submission of the complete application. The appeal must be filed with the Town Clerk and be accompanied by the required fee.

4. Public Notice Signs

The Applicant is required to post Public Notice signs on the subject property in accordance with the following:

- Signs are provided by the Planning & Development Department to the Applicant.
- Signs are to be posted along each front of the subject lands.

- Signs shall be fastened to a secure structure.
- The Applicant prior to the Application being circulated for comments by the Planning and Development Department must post signs.
- The Applicant must advise the Department, in writing, when the signs have been posted in accordance with the above requirements. Failure to do so will result in the application not being circulated for comments and a decision by Council.

Appendix “A-1”

- The Applicant must remove signs within one week of expiry of the appeal period of the application, or approval by the Region of Niagara or the Ontario Land Tribunal, whichever is applicable.

5. Application Circulation for Comments

The application is circulated to various agencies that are requested to provide comments within 20 days. Agencies may request an extension of the time to submit comments. During this circulation the Staff Development Coordinating Committee reviews the application. The applicant may be requested to appear before this Committee to provide additional information.

6. Public Meeting

A Public Meeting date is set. A notice of Public Meeting is circulated according to provincial procedures. Prior to the Public Meeting, an information staff report is normally available, upon request, to the Applicant and any member of the public. It is advisable that the Applicant attends the Public Meeting (which is coordinated by the Planning and Development Committee) to provide the Applicant's views on the proposal and answer any questions from the public or the Planning and Development Committee. The public is encouraged to express its views. No decision on the application is made at this time. Depending on the complexity of the application, more than one public meeting may be held by the Planning and Development Committee.

7 Planning and Development Meeting and Decision

When all the agency and public comments have been received and issues have been addressed, Staff will prepare a recommendation report, which will be considered by the Planning and Development Committee at a subsequent Committee meeting. Notice of any future meetings will be sent to all those who attend the public meeting(s) and to those who submit written responses to the application.

When the Planning and Development Committee is satisfied that all matters have been considered, it may recommend to Council that the application be deferred, refused, approved, or approved subject to certain conditions.

8. Council Meeting and Decision

Council then considers the Planning and Development Committee's recommendation choosing to uphold, reject or modify it. Any presentation to Council by the Applicant or the public will only be permitted by previously arranged delegation request to the Town Clerk.

If an amendment is adopted, it will be forwarded to the Region of Niagara for approval. If the application is refused, notice of Council's decision to refuse the application is circulated to the public and agencies that have an interest in the matter.

The Region of Niagara is the approval authority for Amendments to the Town's Official Plan. Upon approval of an Official Plan Amendment by the Town, it is then forwarded to the Region of Niagara for approval. The Region may either approve or refuse or approve with modifications Council decision. The Region of Niagara charges a fee for review and approval. This fee is subject to change from time to time. The applicant is responsible for paying that fee to the Region upon approval of the Official Plan Amendment by the Town of Lincoln. Failure to pay the fee to the Region may result in the Region refusing to consider the Official Plan Amendment until the fee has been received. If the Region approves the amendment, notice of approval is circulated by the Region to the public and agencies. The Applicant and any member of the public may appeal Regional Council's decision to the Ontario Land Tribunal.

Depending on the type of application submitted, the Region may exempt the application from final approval by the Region. If the application is exempt from final approval by the Region, a notice of adoption is circulated to the public and agencies. The Applicant and any member of the public may appeal Town Council's decision to the Ontario Land Tribunal (OLT). If no notice of appeal is received within 20 days of mailing of the notice of adoption, the amendment comes into effect on the day after the last day for filing a notice of appeal.

9. Appeal Procedure

Any member of the public or any agency can appeal the Town's decision or the Region's decision to the Ontario Land Tribunal (OLT).

Appendix "A-1"

If the Region's decision is appealed, the OLT appoints a date for a mediation meeting and/or Hearing to consider the proposed amendment. An OLT Hearing is a formal quasi-judicial proceeding held to adjudicate matters of dispute.

After the Hearing, the OLT may approve, refuse, or approve with modifications, the proposed amendment. This is done through a formal order, which is final and binding.
