

**TOWN OF LINCOLN
MUNICIPAL DEVELOPMENT CHARGES**

The purpose of municipal development charges is to recover the growth-related costs associated with the capital infrastructure needed to service new development within the municipality. The Town completed an amendment to the 2022 Development Charges Background Report and the 2022 Development Charges By-law No. 2022-30 in order to comply with changes legislated through Bill 108, More Homes, More Choices Act, 2019 and Bill 197, COVID-19 Economic Recovery Act, 2020. The Development Charges Background Report and update to the 2022 Development Charges By-law addressed some changes in costs for park development and water services. On April 15, 2024, Council approved By-law No. 2024-28, 2024-29, 2024-30, 2024-31, 2024-32, 2024-34 (which repealed Development Charges By-law No. 2018-93 and Development Charges By-law No. 2022-30) and By-law No. 2024-33 and 2024-35 (which repealed Development Charges By-law No. 2018-93 and Development Charges By-law No. 2022-33). These new By-law's set out the services to which development charges apply. The rate of development charges effective June 1, 2024 are as per the schedule below:

The schedule of development charges will be adjusted annually as of January 1st each year, in accordance with the most recent twelve-month change in the Statistics Canada Quarterly, "Construction Price Statistics."

The Municipal Development Charge is calculated and collected for development that requires:

- The passing of a zoning by-law or an amendment to a zoning by-law under Section 34 of the Planning Act;
- The approval of a minor variance under Section 45 of the Planning Act;
- The conveyance of land to which a by-law passed under Section 50(7) of the Planning Act applies;
- A consent under Section 53 of the Planning Act;
- The approval of a description under Section 50 of the Condominium Act;
- The issuing of a permit under the Building Code Act, in relation to a building or structure.

The By-law applies to residential development based on the number and type of dwelling units and non-residential development based on total floor area and type, as applicable. A development charge shall not include a charge in respect of certain services where those services are not available and may be subject to adjustment depending on exemptions, demolitions, conversions, renovations, reductions or other credits, as applicable.

Statement of the Treasurer

The Municipal Treasurer will document the continuity of each Development Charge Reserve Fund on an annual basis, including services covered, development charge collections, draws, interest earned, money borrowed from a fund and for what purpose, and credit transactions. The Annual Statement of the Treasurer is available upon request at Town Hall during normal business hours or on the Town's website.
